ABSTRACT

This report provides information on degree and certificate programs offered and student program completions for the 1997-98 fiscal year in North Dakota's 19 public and private postsecondary educational institutions. Introductory material includes an explanation of the Classification of Instructional Programs (CIP Code) system, criteria for program completion, a list of the members of the North Dakota State Board of Higher Education, basic information on each institution (address, chief administrator, and type), a chart of degree levels offered by institution, a fee schedule for North Dakota State University (tuition, fees, room and board), and a list of broad CIP program areas and corresponding CIP code. A table summarizes all programs offered, by CIP code by institution and by level of offering. A second table lists, by institution and by CIP code, the number of students completing programs. Separate breakdowns are provided for 1-year and 2-year programs, for bachelor's degree programs, and for master's degree and doctoral programs. Another table lists total numbers of North Dakota program completions by field of study for 1987-88, 1996-97, and 1997-98. (DB)

GENERAL

INFORMATION

INTRODUCTION

This report provides information on degree and certificate programs offered and student program completions for fiscal year 1997-98 in North Dakota's public and private postsecondary educational institutions.

Institutional programs are coded in accordance with the Classification of Instructional Programs (CIP Code) system provided by the National Center for Education Statistics branch of the United States Department of Education. To assist readers, programs have been organized by level of offering: certificate, diploma, associate, bachelor, and graduate. Information included was provided by registrars at each institution.

Individuals desiring additional program information about vocational-technical programs should check the directory published by the State Board for Vocational Education. Students desiring information about institutional tuition, fees, room and board rates, and financial aid should contact the institution's admissions office directly. Much information on North Dakota University System campuses is now available through the System web site: http://www.nodak.edu

DEFINITIONS

Program Completed

A completed program is one in which the individual has met all of the requirements to obtain a degree or certificate in that field of study. This number may vary slightly from other publications that report degrees granted since one person may complete two programs yet receive only one degree. This publication reports all programs completed.

Education Codes

CIP Codes with a "13" prefix indicate a program in education. Individuals looking for education programs should look under the "13" code.

In the *Programs Offered by CIP Code* section, an "X" indicates that program is offered. In the *Student Program Completions* sections, a "0" indicates the program is offered, but had no graduates that year.
